Extended wings of the
Senior Secondary section

SCIENCE & COMMERCE
CBSE Grade 11th & 12th

The Maharashtra Academy of Engineering Education and Research (MAEER), was established as a society and trust with the sole aim of creating and developing professional education facilities to train the aspiring young generation and thus to provide dedicated, ambitious and skilled professionals to serve society and the nation at large.

MAEER believes that “The union of Science and Spirituality alone will bring Harmony and Peace to Humanity” as said by Swami Vivekanand. The vision of the founders of MAEER is to create a “Centre of Excellence in the field of Education and Research”.

Since its inception, MAEER has been striving for the betterment of society through a value based education system. With over 50,000 students across varied disciplines under its umbrella, it has achieved tremendous success in a short span of time and reflects excellence in the fields of Engineering, Medicine, Research, Management, Primary and Secondary Education, Peace Studies, Environment and Pollution control and also towards promoting Human Values and attaining the ultimate goal of World Peace.

The motto of MAEER is “To harness the knowledge of Science and Technology for the welfare of society”.

About MAEER'S
MIT VISHWASHANTI GURUKUL SCHOOLS

MIT Vishwashanti Gurukul Schools (MIT VGS) is a group of CBSE co-educational units operating under the aegis of the Maharashtra Academy of Engineering and Educational Research (MAEER), a Pune-based trust.
